WELCOME TO THE

WAVERLY HORSE SALE

In August of 2024 Leon Martin and his wife Christine became the new owners of Waverly Sales Company. They bring a conservative Mennonite background along with a wealth of knowledge and experience to the sale barn.

Leon's experience comes from both auctioneering and crafting buggies, sleighs, and coaches – especially for Mennonite and Amish clients – in his early years. He has served as an auctioneer for several years at the sale barn and is the driving force behind the well known Legacy Auction Company. His acquisition of Legacy Auction Company in 2018 highlights his dedication to the auction industry and has earned him a reputation of trust and credibility with the public.

Leon is passionate about helping others. He believes in meeting unique needs and treating customers with the same care and respect he'd want for himself. As a faith-based, family business, integrity is non-negotiable at Waverly Sales Company. He ensures that every experience at Waverly is exceptional, never compromising on quality and always adding a personal touch.

Above all, Leon stands by his word. He understands that Waverly's work isn't just about selling horses; it's about helping people.

With his dedicated following, keen industry insight, and a bold vision for building on the traditions of the horse sale, Leon Martin is set to lead Waverly Sales Company toward a bright and promising future.

CITY OF
WAVERLY

Welcome to Waverly! We are delighted that you've chosen to visit our vibrant community and are eager to extend our warmest hospitality. As you explore, you may notice that the Bremer Avenue Bridge is currently under construction. This essential project, which began in August 2024, is expected to be completed by September 2025.

In the meantime, two scenic detours make it easy to navigate between the east and west sides of the Cedar River. You can take Cedar Lane (follow the signs downtown) or the Cedar River Parkway (look for signs near McDonald's). These routes ensure convenient access to our fantastic restaurants, hotels, and shops on both sides of the river.

Wherever you go in Waverly, you'll find friendly faces and a welcoming atmosphere. Thank you for visiting—we're truly glad you're here!

It all fell over the next few days as I thought about the powercart. I was thinking about the powercart, and I was thinking about the powercart. I was thinking about the powercart, and I was thinking about the powercart.

My thoughts were always on how to purchase a powercart. Then I mentioned it to my buddy...

Owner handling all the modifications and improvements. Ralph had been thinking about it for...

Mariska S.

A yearling KFPS registered purebred black Friesian colt that is a very friendly, in your pocket type of colt. He's been handled regularly since birth and loves to learn. He is an excellent stallion prospect with his rare low inbreeding coefficient and is hydrocephalus/dwarfism clear. He should mature to 16.2-16.3 hands. Already has lovely, balanced movement. He would excel as a sport horse or make a flashy carriage horse. His sire is by Brend 413, out of Emerson NC. His dam is by Sipke 450, out of Renske S.

SANDRA J. MEIER, WI

LOT 500 - Pearl, a grade 15 year old white flea bitten gaited Mule mare. Stands approx. 15.2 hands. Very smooth, great herd protection. Loves cows!! Pearl has a great personality! Easy to catch, great with farrier and she can cover alot of ground in a day and very smooth. She has been rode in rough mountain country and is sure footed with endless energy. Loads and backs well. I've hauled her and rode/camped with her all over Wisconsin, Illinois (Shawnee), Iowa, Alabama, Mississippi, Minnesota and South Dakota. Bath and fly spray no problem. Gets along with mules, horses, cows and dogs. Great feet, I only put shoes on for traveling. Shots/coggins and health papers. Teeth done last year. No health problems! Sound, ridden by 65 year woman with a new knee. She doesn't bite, kick or rear. Reasons for selling are she's too tall, didn't want gaited, and I have three so one needs to go! If you have beef cattle, she will watch and protect your herd. She rounds up our cattle in the pasture when storms are approaching and gets them into a lean. New calves try to nurse her and she just stands there! Straight legs, good ground manners and stump broke. Pony's well so maybe pack broke? Unsure if harness broke. Good feet and straight legs. Rides out alone or in large groups and in any order.

Stands approx. 13.3 hands. Completely sound; no health issues. Well broke to ride; a finished team roping, heeling and heading pony. We bred, raised and trained this sorrel overo Quarter Pony gelding we call Surfer. He has excelled in disciplines from showing in halter to general ranch work, but his last three years have been spent mostly team roping. Surfer is a talented heeling pony and has been in the money a number of times in local jackpots. He also does a nice job at heading. At 1000 lbs. he has enough weight to head and turn most calves. He loves chasing calves, is very cowy and has lots of desire to work, but is quiet and well-mannered in the roping box. Back at the ranch, Surfer has been ponying young colts and dragging out logs for firewood. Ten years old in 2025, Surfer is a great size for high school rodeo and would make an excellent all around youth horse. He is very well trained to ride. He neck reins, responds to leg pressures, is accustomed to spurs and has all the normal "big horse" buttons. That said, he is probably not for a very inexperienced rider. Surfer has many admirers among the local roping community. Please ask for references if interested. FMI and/or video links call:641-344-7900
